***Harry Potter* meets *Buffy the Vampire Slayer* in this fun and exciting new adventure series.**

Only 14-year-old Samantha Hathaway can prevent an all out war between Science and Magic that could destroy our world in this bestselling adventure series.

One day Samantha's biggest problems are snarky cheerleaders and co-workers at the mall, and the next day she finds herself the prime suspect in the theft of a magical artifact used to resurrect Prince Cervantes, a powerful sorcerer defeated years ago by her adventurer parents.

While Cervantes pushes the forces of magic and science closer to war Samantha is enrolled at Miller's Grove Academy, an elite new school co-founded by her grandfather to forge the new leaders of the 21st Century.

Between the new classes, hoverboard experiments, vampire attacks, and impending doom Samantha makes new enemies, including her own cousin and a scheming pop star, as well as new friends, including Lucas -- a video game champion, Tasha -- a monster hunter, Zoey -- an inventor, and Natch -- a wannabe world emperor.

Guided by nothing more than a mysterious riddle from her late father, Samantha and her new friends must navigate a dangerous secret world to identify the real thief and locate the only weapon that can defeat Prince Cervantes, stop the coming war, and usher in the next, and possibly last, Heroic Age.
