Dana is feeling depressed. Despite being in a new college, she feels like something is missing from her life. Sure, high school was boring, but at least it was familiar. College, by comparison, is scary and unpredictable.

Add to that the fact that the classes are just as boring, except now she has to pay for them! Just when she is fed up with life, she meets Steven. An unremarkable boy from her high school, it seems as if he has turned into a different person overnight. The two become fast friends.

After class one day, Dana is feeling more depressed than usual. Steven takes pity on her and invites her to have some lunch at his apartment down the street. But while she is there, she knows something is up when she finds a pair of his fuzzy handcuffs in the middle of his room. One thing leads to another and before she knows it, she is... spanked and handcuffed - and she loves it!
