## **Help Me Find God** Barry Thornton

Over 100 million people ask every month 'Help Me Find God, Who is God, Where is God, Tell me about God, How to know God? It takes ever worsening economic times for many to search for answers, yet in these times of liberal church theology few find any answers. The ministers and priests have lost their way. Many even phone me and say they wish they could teach what I was teaching but they do not know how to. When recently telling a C of E minister a few biblical scientific facts I thought his church would like to know, his reply to me was "I didn't even know that". The reason so many feel so lost without hope is because the churches have refused to teach the message.

The Biblical message is astounding in its scope and appeal fulfilling the requirement of all men and women, however few have eyes to see or ears to hear. It is a message that shows how prayers will be answered. Such sincere prayers from a man or woman with a solid background of a strong belief founded in biblical teaching WILL cure all things and set aside all miseries. I write this from the advantage of having seen how prayer will instantly be answered so when huge crises assail you that appear as a huge threatening mountain ready to topple over and crush you before you pray which is suddenly transformed and reduced to a small mole hill that you can kick over.

The Heavenly Father has revealed unique information, some of which I disclosed on a TV program a number of years ago. I was originally requested to do one program, however I eventually undertook over 40 one hour programs. People including ministers reacted in such an amazing way I had never expected. With the Heavenly Father's direction I have undertaken thousands of hours of additional research to enhance this knowledge which I will be releasing through this book series.

It will be seen that the physical world and the spiritual, although separated by a gulf, are two parallel universes (a new science just conceived of) without the former our world cannot survive. You will come to understand, the foundations of the physical world are therefore anchored in the spiritual world. The Heavenly Father is the creator of this highly advanced civilization which he has replicated on earth. In the Fathers Prayer it says "Our Father..... Thy will be done on earth as it is in heaven". In the book knowledge is revealed that was written thousand of years ago yet the science was only discovered during the past 200 years and some only in the last twenty years and less. You will see spiritual signs all over this planet, in your life and on and within your own body that have these signs, few even recognise or know about.

The inspired books of the Bible consist of 66 books, written by 44 different men in both new and old testaments over a period of 2,000 years, yet not one book is in conflict with the other. Few of the biblical authors knew what the other was writing about because as they said they were listening to Yahweh, who up until now you have known with the title of God. They constantly say 'God spoke to me'. Few text books today are written without conflict of ideas proving the original wrong or proving some further conflicting information.

Daniel one of the greatest of prophets made it very clear in the last chapter of the book of Daniel that he had no idea what he had written and so did his brother Esdra in 2 Esdra. Ezekiel said the same and all specifically said the writings were for a distant age at the time of the end when the signs written down are visible for all in that distant age to see. Those signs are here now!

Originally conceived to be a book of 30 pages 'HELP ME FIND GOD' without even scratching the surface of the staggering amount of information available has already reached over 130 pages. Reacquainting myself with this knowledge has been fantastic for me and I hope that it will help you benefit from finding the authentic God and his name and how to pray. Read Numbers 6: 22 - 24.
