The Dynamic of Mexican Nationalism (UNC Press Enduring Editions) Frederick C. Turner

This study examines the nature and some of the functions of nationalism in Mexican society, presents a theoretical framework for the use of the kind of nationalism that has characterized Mexico, and analyzes the extent to which that framework is relevant in the Mexican case. Turner discusses the hundred years before the revolution, but the central focus of the book is on the effects of the revolution itself.

Originally published in 1968.
