It's an information glut out there! Where do we find guidance and support to make the best choices? We live in a world of experts and pundits—but how do we know who to consult, who to believe? How do we know which job to take, whether to file for divorce, to merge with our biggest competitor or buy them out?

Now, prominent San Francisco intuition expert and trainer Penney Peirce offers an answer. In the expanded second edition of her popular guidebook (the first edition is in 20 languages), *The Intuitive Way: The Definitive Guide to Increasing Your Awareness*, Peirce counsels, “You already have the answers that are right for you! With intuition, you know just what you need to know, right when you need to know it!”

Host Kelly Galea interviews Penney Peirce for this episode of “From Corporate to Creative” where you’ll learn:

- What intuition is and isn't.
- Why intuition is the most important survival skill we have right now.
- How to develop your intuition.
- What things might block your intuition — or make it inaccurate.
- How intuition relates to creativity and how it can be useful in business.

Penney Peirce is a respected and gifted intuitive empath with deep psychological understanding, visionary ability, and business sense. She is one of the early pioneers in the intuition development movement, having worked since 1977 with organizations like the San Francisco-based Center for Applied Intuition, The Institute for the Study of Conscious Evolution, and The Intuition Network.

A popular author, lecturer, counselor, and trainer, Penney specializes in intuition and sensitivity development, “skillful perception,” personal energy and frequency training, dreamwork, and future trends. She travels widely, working throughout the US, Japan, South Africa, and Europe as an advisor to business executives, scientists, psychologists, other consultants and trainers, and those on a spiritual path. She has counseled tens of thousands of people worldwide about life and business direction, and the fulfillment of destiny. Visit her at <http://www.penneypeirce.com>.
