The easy way to build HTML5 mobile and web apps using Adobe's new Edge Animate CC

Edge Animate CC is an approachable WYSIWYG alternative for leveraging the power of languages like HTML5, CSS3, and JavaScript to design and develop for the web and mobile devices, even if you have no programming experience. Written by Michael Rohde, the book calls on this seasoned web developer's wealth of experience using Edge Animate CC, and a companion website includes all code from the book to help you apply what you learn as you go.

- Features an easy-to-use interface, with a properties-based timeline for impeccable accuracy and control
- Contains a guide to creating new compositions, importing and animating existing web graphics, or adding motion to existing HTML files without compromising integrity
- Offers support for web font services, and Element Display, which lets you manage how long elements are displayed on the stage

Edge Animate CC For Dummies offers the lowdown on this revolutionary and intuitive tool for creating motion content that runs beautifully on mobile devices and desktop browsers.
