Anne Nadakavukaren

Our Global Environment: A Health Perspective 7th (seventh) edition Anne Nadakavukaren

It's a textbook that discusses the health-related issues in the environment. It points out the environmental issues that people are facing everyday in today's society such as pesticides, energy resources, food quality, population growth, air pollution and other environmental issues as well. Its compelling information attracts the attention from many college students to help them become more aware of the environment and how they address its issues.
