Reengineering Mis: Aligning Information Technology and Business Operations Kevin G. Coleman, Jim Ettwein, Clelland Johnson, Dick Pigman, Deborah Pulak

The reengineering efforts of the early 1990s have increased pressure on many MIS organizations to reengineer their MIS structure. *Reengineering MIS: Aligning Information Technology and Business Operations* provides the background and foundation that will allow the radical change necessary for MIS to contribute to the success of the organization. It provides detailed understanding of reengineering initiatives in business, how to go about incorporating reengineering changes, and how to gauge the overall effects your MIS organization will feel upon reengineering the MIS infrastructure and functions. Through the use of forms, worksheets and practical examples, readers will gain the insight into the reengineering process necessary to undertake MIS projects. The authors of this book share their years of experiences in planning and implementing reengineering MIS projects.
