Emergency Medicine: The principles of practice, 5th edition is a practical guide to assist doctors and other health professionals with patients presenting with acute problems. With contributions from over 60 eminent emergency physicians, doctors and other health professionals, the book provides the most up-to-date coverage of treatment and management in acute medical care including resuscitation, diagnosis, investigations, treatment and further care.

Emergency Medicine, 5th edition contains essential information and provides a quick reference tool for emergency physicians, hospital residents, paramedics, ambulance officers, nurses and general practitioners, as well as students of these disciplines.

- Coverage of important controversies with evidence based recommendations.
- Editor comments contained in relevant chapters to provide clinical tips and advice for practice.
- Increased coverage of topical issues such as deep vein thrombosis (economy class syndrome) and street drugs.
- Practical rapid reference appendix.
- Detailed glossary and index.

- Expanded coverage of ultrasound in emergency medicine
- New BLS/ALS guidelines
- Expanded coverage of administration and management
- New material on envenomation and psychiatry
- New chapter on rural, indigenous and remote emergencies
- New chapter on advanced nursing roles
- New chapter on students guide to the emergency term
- New chapter structure design to minimize repetition; reorganized hierarchy to highlight important information; pearls & pitfalls in boxed out sections integrated throughout text; differential diagnosis summary tables and flow diagrams at the end of each chapter

Ann Craft:

In this era which is the greater individual or who has ability in doing something more are more treasured than other. Do you want to become one of it? It is just simple method to have that. What you are related is just spending your time not very much but quite enough to possess a look at some books. Among the books in the top list in your reading list is actually Emergency Medicine: The principles of practice, 5e. This book that is certainly qualified as The Hungry Hills can get you closer in becoming precious person. By looking upwards and review this publication you can get many advantages.

Luz Cox:

As a pupil exactly feel bored to be able to reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Emergency Medicine: The principles of practice, 5e can make you experience more interested to read.
