Powers Within A.S. Dalal

This book throws light on the nature of the various powers which we already possess and wield consciously or unconsciously, as well as latent powers within us which are yet more or less undeveloped... Passages contained in this book have been selected so as to make the book of interest to the general reader as well as to the spiritual seeker.. The selections have been compiled by A.S.Dalal. The other books are ,The Hidden Forces of Life,,Looking From Within,The Psychic Being,Growing Within and The Yoga of Sleep and Dreams.All the books are listed with amazon. This book deals with the dynamic inner faculties inherent in man, though more or less dormant or undeveloped. Two types of latent powers are distinguished: those that have not yet evolved or may not even be suspected, such as clairvoyance, telepathy, and other occult powers; and those that we already possess but use most often in a quite rudimentary form, such as the powers of thought, imagination, will, concentration, and intuition. These selections from the writings of Sri Aurobindo and the Mother throw light on the nature of these powers within so that we may learn to use them more consciously, deliberately, and beneficially.
