The Story of Salt Mark Kurlansky

From the team that created the ALA Notable Book *The Cod's Tale* comes the fascinating history of salt, which has been the object of wars and revolutions and is vital for life.

Based on Mark Kurlansky's critically acclaimed bestseller *Salt: A World History*, this handsome picture book explores every aspect of salt: The many ways it's gathered from the earth and sea; how ancient emperors in China, Egypt, and Rome used it to keep their subjects happy; Why salt was key to the Age of Exploration; what salt meant to the American Revolution; And even how the search for salt eventually led to oil. Along the way, you'll meet a Celtic miner frozen in salt, learn how to make ketchup, and even experience salt's finest hour: Gandhi's famous Salt March.
