**FISMA Certification & Accreditation Handbook** Laura P. Taylor, L. Taylor

The only book that instructs IT Managers to adhere to federally mandated certification and accreditation requirements.

This book will explain what is meant by Certification and Accreditation and why the process is mandated by federal law. The different Certification and Accreditation laws will be cited and discussed including the three leading types of C&A: NIST, NIAP, and DITSCAP. Next, the book explains how to prepare for, perform, and document a C&A project. The next section to the book illustrates addressing security awareness, end-user rules of behavior, and incident response requirements. Once this phase of the C&A project is complete, the reader will learn to perform the security tests and evaluations, business impact assessments system risk assessments, business risk assessments, contingency plans, business impact assessments, and system security plans. Finally the reader will learn to audit their entire C&A project and correct any failures.
