It's 1878 New York and modern cities are teeming with congested housing, and over population. It is the era when there are few men in the East and many girls are willing to head to the West to be mail order brides.

What do you do when your desperation clouds your judgement that brings you closer to danger beyond your wildest expectations as a mail order bride?

Katie Richards, aged twenty-five wants to **ESCAPE** the suffocating confines of the city and, out of desperation & frustrations, she decides to venture West to start a new life, not knowing that **TROUBLE AND DANGER** may be lurking behind every corner. She never considers the possible **THREATS** because having stayed under the protection of her parents in an enclosed community her whole life, travelling to the Wild West couldn't be more exciting. She longed for the wide open spaces and the crisp mountain air, the complete opposite of what she lives in now.

“Really, Katie?” her mother questioned, passing the baby to her oldest daughter. “You would marry a man just to get fresh air? What about love? Common interests? Faith?”

“Not just for the air, Mama,” Katie reasoned. “But for the opportunity. I would love to live on a farm with animals and mountains...”

Matthew Carson, is young cowboy who owns a ranch left by his grandfather. His whole life has been about ranching and he knows **NOTHING ABOUT LOVE**.

His single status had never been a problem to him until he found out that his grandfather stipulated that he must marry to keep the ranch. He has **NO CHOICE** but to **FOLLOW** his instructions.

But destiny plays a trick on Katie and she gets **LOST** in Kansas City, only to end up in a boarding house full of eligible bachelors.

Although she could easily choose one of the men in Kansas City as a husband and forget about Matthew Carson out in Colorado, her loyalty keeps her true, and an unexpected mentor shows her a secret that may bring her personal faith to life.

When Katie and Matthew finally met, she discovers the **SECRET** that Matthew is keeping and suspects that the arrangement is only for convenience, causing **CONFLICT** between that may not be easily reconciled.

Will Matthew able to **SAVE** his ranch and have a marriage that is more than just a convenience? Will he find **LOVE**?

Will Katie **FORGIVE** and **ACCEPT** him despite feeling that she was brought out under false pretenses?

... "a story of love, acceptance, forgiveness and new beginnings."

This is a sweet and **CLEAN WESTERN ROMANCE** short story.

Each installment is designed to be read in one sitting. They are great when you have few minutes to spare when you are waiting at appointments, or in the subway going to work.
