PREFACE.

Memoirs such as these of Henry of Monmouth might doubtless be made more attractive and entertaining were their Author to supply the deficiencies of authentic records by the inventions of his fancy, and adorn the result of careful inquiry into matters of fact by the descriptive imagery and colourings of fiction. To a writer, also, who could at once handle the pen of the biographer and of the poet, few names would offer a more ample field for the excursive range of historical romance than the life of Henry of Monmouth. From the day of his first compulsory visit to Ireland, abounding as that time does with deeply interesting incidents, to his last hour in the now-ruined castle of Vincennes; — or rather, from his mother's espousals to the interment of his earthly remains within the sacred precincts of Westminster, every period teems with animating suggestions. So far, however, from possessing such adventitious recommendations, the point on which (rather perhaps than any other) an apology might be expected for this work, is, that it has freely tested by the standard of truth those delineations of Henry's character which have contributed to immortalize our great historical dramatist. The Author, indeed, is willing to confess that he would gladly have withdrawn from the task of assaying the substantial accuracy and soundness of Shakspeare's historical and biographical views, could he have done so safely and without a compromise of principle. He would have avoided such an inquiry, not only in deference to the acknowledged rule which does not suffer a poet to be fettered by the rigid shackles of unbending facts; but from a disinclination also to interfere, even in appearance, with the full and free enjoyment of those exquisite scenes of humour, wit, and nature, in which Henry is the hero, and his "riotous, reckless companions" are subordinate in dramatical excellence only to himself. The Author may also not unwillingly grant, that (with the majority of those who give a tone to the "form and pressure" of the age) Shakspeare has done more to invest the character of Henry with a never-dying interest beyond the lot of ordinary monarchs, than the bare records of historical verity could ever have effected. Still he feels that he had no alternative. He must either have ascertained the historical worth of those scenic representations, or have suffered to remain in their full force the deep and prevalent impressions, as to Henry's principles and conduct, which owe, if not their origin, yet, at least, much of their universality and vividness, to Shakspeare. The poet is dear, and our early associations are dear; and pleasures often tasted without satiety are dear: but to every rightly balanced mind Truth will be dearer than all.

It must nevertheless be here intimated, that these volumes are neither exclusively, nor yet especially, designed for the antiquarian student. The Author has indeed sought for genuine information at every fountain-head accessible to him; but he has prepared the result of his researches for the use (he would trust, for the improvement as well as the gratification,) of the general reader. And whilst he has not consciously omitted any essential reference, he has guarded against interrupting the course of his narrative by an unnecessary accumulation of authorities. ...
