## **Jung: A Biography** Deirdre Bair

Deirdre Bair has written about some of the most influential figures in 20th century culture-Samuel Beckett, Simone de Beauvoir, and Anas Nin. Now she turns her expert eye to the one person whose teachings and writings are the most influential of all: psychoanalyst Carl Gustav Jung. The founder of analytical psychology, Jung became the first president of the International Psychoanalytic Association in 1910. Jung had a professional relationship with Sigmund Freud until he broke with the elder father of psychoanalysis over his emphasis on infantile sexuality and the Oedipus complex. As Freud's influence has waned over the years, Jung's ideas-the collective unconscious, the archetypal myths underpinning all societies, synchronicity, 'new age' spirituality, and much more-have achieved an overwhelming ascendancy. Bair addresses the myths about Jung-accusations that he was an anti-Semite and a misogynist, and that he falsified data-with evidence from his own writings and from those of his colleagues and former patients. The result is a groundbreaking and accessible work that promises to be the definitive life of Carl Jung.

#### **Jean Taylor:**

As a university student exactly feel bored to reading. If their teacher questioned them to go to the library or make summary for some guide, they are complained. Just little students that has reading's internal or real their interest. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Jung: A Biography can make you really feel more interested to read.
