The perfect winter accessory for the technological age, these fingerless gloves feature a flip mitten top and thumb tip which can be buttoned back when texting or typing, and quickly flipped up to cover your fingers when you have finished.

My patterns are written in plain English - not complicated crochet-speak - because I want them to be workable by all skill levels. Whilst this pattern for fingerless texting gloves is slightly more challenging than some of my other patterns, I have included step-by-step instructions and photographs so that you will be able to successfully complete the project, regardless of your previous crocheting experience.

The fingerless texting gloves will fit from Tweens to medium sized adults. You will need one 2 oz skein (50 g ball) of fingering weight (4 ply) yarn and 4 buttons (optional, for fixing back the mitten and thumb tips) to complete the project.

Scroll up to the top and click on the link to "Buy Now" to deliver almost instantly to your Kindle or other reading device, and start making your fingerless texting gloves TODAY.
