Born to Destroy is a riveting and nuanced journey through the interpersonal dynamics and life course of the female manifestation of psychopathy and the impact the disorder has within the family. Thank you, Winifred Rule for so courageously sharing these necessary details, connecting them with science and providing this opportunity to more fully understand psychopathy within the context of ordinary living and the years of mental minutiae and calamity that characterize the life course of psychopaths and the people they live, work and interact with. - Jacqueline Helfgott, Ph.D., Professor/Chair of the Criminal Justice Department at Seattle University
