Power and Terror: Post-9/11 Talks and Interviews Noam Chomsky

Power and Terror, Noam Chomsky's highly anticipated follow-up to 9-11, is drawn from a series of public talks that Chomsky gave during the spring of 2002, as well as a lengthy unpublished interview. It presents Chomsky's latest thinking on terrorism, U.S. foreign policy, and alternatives to militarism and violence as solutions to the world's problems. Chomsky challenges the United States to apply to its own actions the moral standards it demands of others, and arrives at a surprisingly optimistic conclusion rooted in his faith in the power of an informed public.
